About Us

Currently led by Steven Brindle, the Hampton Roads Philharmonic was formed in 2013 after a group of community musicians envisioned creating a new orchestra to serve the area. We are now dedicated to building a community where classical music serves as an integral and thriving art form. The orchestra strives for artistic excellence, increases community awareness and participation in the performing arts, programs a diverse repertoire selection, and creates various educational opportunities and experiences. Our orchestra presents four concert programs each season, hosts its annual Young Artist Competition, connects community musicians, and provides chamber music ensembles to local events.
